

Sign Up for DIABETES SUMMER SCHOOL!

Join Garden City Hospital (GCH) for the 12th Annual Diabetes Summer School Program. Diabetes Summer School is designed to help you learn new skills and information. Each month will focus on a different diabetes-related topic to help you make positive changes for your health. There will also be opportunities to make and strengthen friendships while having fun! This is a FREE, community program presented by Diabetes Education and includes displays, book sales and discussions. Family and friends are welcome to attend.
