Join GCH for Diabetes Summer School!

Join Garden City Hospital for our 11th annual Diabetes Summer School Program as we look at the diabetes health care team. You are the most important member of the team and there are others available to help you. This summer, you will have the opportunity to discuss their role in your care. This is a FREE, community program presented by Diabetes Education and will feature displays, book sales, speaker presentations, open discussions, and refreshments. Family and friends are welcome to attend. Reminder, no support groups will be held in June, July and August.

UPCOMING SESSIONS

WEDNESDAY, JUNE 19, 2013; 6 - 8 P.M. Diabetes Management and the Role of Medication Presented by Opada Alzohaili, M.D., Endocrinology

WEDNESDAY, JULY 17, 2013; 6 - 8 P.M. Physician Panel Discussion Featuring Q&A Panel includes family physician, podiatrist, ophthalmologist and psychologist

WEDNESDAY, AUGUST 21, 2013; 6 - 8 P.M. Diabetes Game Night

Learn and have fun with members of your health care team, including certified diabetes educators and registered dietitians!
