Tips for virtual visitation during COVID-19

Physical distancing plays a major role in helping stop the spread of COVID-19. For the safety of our patients, families and staff, we are restricting in-person visitation.

We understand it's important to remain connected with your loved ones, especially if they are hospitalized. That is why we encourage **virtual communication** through video, audio or messaging platforms. Garden City Hospital also offers **virtual visitation** for all patients via Zoom by appointment.

Download one of the following apps to connect with your loved one

Download in the App Store (iPhone) or the Google Play Store (Android). You and the patient must download the same application. Our team will assist the patient with set up if needed.

Facetime

(iPhones only)

Skype

**Facebook
Messenger**

**Google
Hangouts**

Together, we continue to work towards the challenges that arise with COVID-19. We cannot express enough gratitude for our healthcare heroes fighting head on.

To our patients and their loved ones, we thank you for your patience and understanding during this difficult time. For more information and updates on Garden City Hospital's response to COVID-19, visit gch.org.
